

Video story ideas

What: Pitch me **two story ideas** for your final project for this class. These should be ideas for natural sound documentary videos, between 1-2 minutes long.

In your pitch, identify the following:

- 1). Potential interviews. Is there one main person you will interview? You probably need to plan for at least two voices.
- 2). B-roll. What kinds of shots will help illustrate your story.
- 3). Natural sound. What can you shoot video of that makes noise and moves that can draw the viewer in?
- 4). What opportunities do you have to tell this story. Is it evergreen? Or a one-time event? Be careful choosing a one-time event, because you will be unable to go back and re-interview people if you make a mistake.

Assignment is due at the beginning of class April 3, via e-mail. Assignment is worth 20 points.
